

Review Activities

To talk about family members and possessive adjectives: Have students draw fictional family trees and use the vocabulary to describe who each person is. Students can take turns asking how old each relative is and what they like: *Mi hermano menor tiene doce años y le gusta comer hamburguesas.*

To describe activities at parties: Have students work in pairs and plan a party. Have them create a chart and write what activities they are going to do, what food they are going to serve, and how they are going to decorate. Students will use their charts and discuss their party plans with another pair.

Tener: Have students write subject pronouns on note cards and shuffle them, face down. Student A picks a card and says the pronoun and Student B says or writes the appropriate form of **tener**. Students can roll their subject pronoun cubes for this as well.

To discuss and compare ages, talk about people, likes, and talk about animals: Have students work in groups of four or five and prepare a list with the names and the age of each member of the group. Have students include two or three activities that each member likes to do and does not like. Then ask each member if they have an animal at home and include it on the list (*Clara tiene X años. Le gusta comer en restaurantes y decorar las fiestas. Ella tiene/no tiene un gato.*)

Portfolio

Invite students to review the activities they completed in this chapter, including written reports, posters, or other visuals, and tapes of oral presentations or other projects. Have them select one or two items that they feel best demonstrate their achievements in Spanish to include in their portfolios with the Chapter Checklist and Self-Assessment Worksheet.

Differentiated Instruction

Solutions for All Learners

Students with Learning Difficulties

Have students review the *Repaso del capítulo* and create flashcards for any words that they do not know. Pair them with a student who is more confident with the vocabulary to practice. Before the test, provide students with a practice test, so they can become comfortable with the format.

Heritage Language Learners

Have students write a few paragraphs telling about their perfect birthday celebration: Where are they going to have it? Whom are they going to invite? What food are they going to eat? What kind of music are they going to play? Encourage them to use as many vocabulary words from this chapter as they can.
